

## Spiritual Development

Students' spiritual development is shown by their:

- ability to be reflective about their own beliefs, religious or otherwise, which inform their perspective on life and their interest in and respect for different people's faiths, feelings and values
- sense of enjoyment and fascination in learning about themselves, others and the world around them
- use of imagination and creativity in their learning
- willingness to reflect on their experiences.

We therefore aim to promote spirituality through:

- the values and attitudes the Academy identifies, upholds and fosters
- the contribution made by the whole curriculum
- Religious Education and assemblies
- extra-curricular activity, together with the general ethos and climate of The Pingle Academy.
