

The de Ferrers Trust

Scheme of Delegation

Adopted by the Trust Board:	6 December 2016
Revised by the Trust Board:	20 March 2018
Signed by Chair of the Trust Board:	<i>E. Laughtin.</i>

Rationale

The underlying principles for this Scheme of Delegation are:

That all academies are in a partnership of equals, irrespective of their length of membership

1. The de Ferrers Trust is a registered charity and it remains true to its aims and objectives.
2. The de Ferrers Trust is mindful that its function is to ensure that all statutory obligations are met (there are differences in the governance arrangements of maintained schools and academies).
3. The de Ferrers Trust believe the governors of each Local Governing Body are best able to service the needs of their academy and their local community.
4. The de Ferrers Trust Board's intention is to be as light-touch as possible within the Scheme of Delegation in order for governors to make decisions at a local level to fully meet the needs of the students and the local community.

General Information

The de Ferrers Trust Vision

The strategic plan for The de Ferrers Trust over the next 3-5 years is to create a network of successful academies which will provide sustainable progress and attainment for all students. These academies will be the hubs of their communities to rejuvenate lifelong learning and provide a focus for family engagement.

The de Ferrers Trust Ethos and Values

At each of our academies we will strive to inspire through the delivery of a 'World Class' education ensuring that every student achieves their potential. We aspire to be a beacon of excellence within the community we serve, where everyone feels valued, included and proud.

Our PRIDE values of Partnership, Respect, Integrity, Determination, and Excellence are the foundations of the Trust and the community we serve.

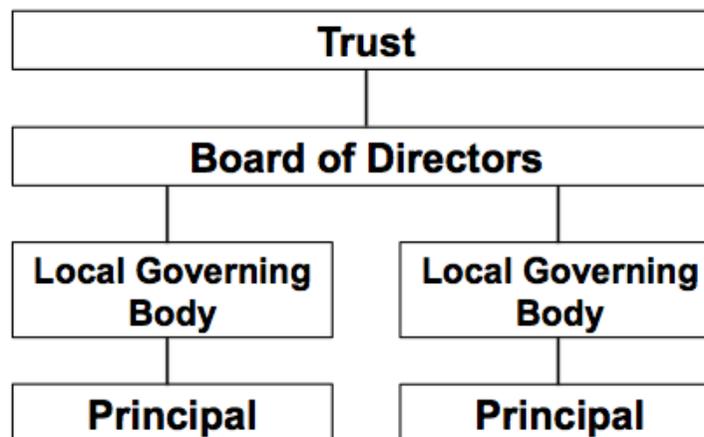

The de Ferrers Trust

The de Ferrers Trust is a charitable company limited by guarantee and as such, we are required to comply with Charity Law and Company Law.

The Trust is one Legal entity with one set of Articles of Association that governs each Academy within the Trust.

Governance Structure

The Governance Structure is divided into three layers: Trust (Members), Trust Board (Directors) and Local Governing Body (Governors).

The Trust (The Members)

The Trust consists of six Members who are very similar to shareholders in a normal company. They are often considered as the custodians of the Trust and act as a ‘check and balance’ on the performance of the Multi-Academy Trust. The Members have the power to appoint or remove Directors, amend the Articles of Association and, if necessary, wind up the Multi-Academy Trust. To ensure robust accountability within our Governance Structure, the Trust has a majority of independent Members.

The Trust Board (The Directors)

The Trust Board has strategic oversight and ultimate responsibility for all of the management decisions within the Multi-Academy Trust. The Board will consist of a minimum of 9 Directors, 5 of whom are appointed by the Members. The Directors are appointed purely on a skills basis and the Board may co-opt further Directors should they identify a need. There are two seats on the Trust Board allocated to Chairs of Local Governing Bodies. In order to fulfil the criteria for those seats, the academy for which the Chair serves must be a 'good' or 'outstanding' academy, and the Chair must possess the relevant skills in order to make the management decisions required. The Board's key responsibilities are to ensure, through their governance structure and leadership team, that the Multi-Academy Trust is making proper and effective use of public funds and that the quality of provision is guaranteed.

The Trust Board has two sub-committees, namely the Audit and Risk Committee and the Policy Committee.

The Local Governing Body (The Governors)

The Trust Board will establish a Local Governing Body (LGB) for each academy within the Trust. The LGB carry out the Trust's vision, policies and priorities. They will play a support and challenge role and will hold senior leaders to account for the academic performance and quality of care and provision for their academy. They are responsible for making decisions by way of the powers delegated to it by the Trust Board in accordance with their Terms of Reference and this Scheme of Delegation.

Communication between the Trust Board and the LGB

The Trust Board meets regularly and as often as necessary. The Chair of the Trust Board and the Chief Executive will schedule meetings with the Executive Principals and Principals as and when required. A half-termly Clerks' and Chairs' briefing provides an

opportunity for information sharing between the Trust Board and the LGBs and the chance to have issues raised which may have influence across the broader family as well as particular institutions. Communication between the Trust Board and LGB will be a standing item on all LGB and Trust Board agendas to allow matters to be escalated for the Board's attention should the LGB be unable to resolve the issue at a local level.

Central Functions

As part of a family of schools we aim to have the greatest amount of impact with efficacy. We strive to be one of the most cost effective academy groups in the country. A contribution from each academy's budget is levied which enables all academies access to a whole range of functions and services as and when required. This excludes any surplus carried forward or income generated by the academy. In addition, when necessary, specific charges may be made for bespoke intervention when curriculum and performance require, in agreement with the Academy Principal and the LGB. All financial contributions will be reviewed on an annual basis.

Examples of support:-

- Governance
- Finance
- HR
- School Improvement

Trust Development Fund

Part of the annual levy from each Academy goes towards a Trust Development Fund. This fund is managed by the Director of Education. The purpose of the fund is predominantly to support education developments and academic performance improvements in the academies. Funds are accessed via a formal bid process. In line with the financial levels of authority herein, the Director of Education is authorised to approve expenditure from the fund of up to £49,999. Secondary approval is required from the Director of Finance.

Deployment of Support

The ultimate responsibility for the deployment of support belongs to the Chief Executive. This will be based on identified need. Academy Principals should discuss their requirements with the Director of Education.

Leaving the Trust

It is important to note that should an Academy opt to voluntarily leave the Trust it may be liable to certain charges. In particular, any costs associated with extracting individual academy data in relation to the Local Government Pension Scheme would need to be met by the Academy or its new sponsor.
